## ABOUT

I am a tenacious and adaptable new web developer with experience in team collaboration and website design. Strong critical thinking and analytical skills. An eye for detail and design.

## PROJECTS

### SIMPLE INTEREST CALCULATOR

- Developed a simple interest calculator per an example client's specifications
- Utilized HTML, CSS, and JavaScript, as well as GitHub
- Implemented more user-friendly design features, improving simplification of use

### MOVIE REVIEWS DATABASE

- Created a database for movie reviews using Natural Language Understanding and Cloudant APIs through IBM
- With the Natural Language Understanding API, used deep learning to extract data from text such as keywords, emotion, and syntax
- Managed databases through Cloudant API

### LANGUAGE TRANSLATOR

- Developed an English to French and English to German language translator
- Utilized IBM Watson Language Translator API
- Built the program using Python
